PROGRESS AT PANAMA

III-THE LABOR PROBLEM SOLVED.

By FREDERIC J. HASKIN.

and the commission is able to have sage of surprise and delight only a year M. P., will leave for Washington in a before, isthmus to seek them.

When the people of the United States were considering the question of taking was estimated that only 3,000 men could follow. It was the labor problem that

A bad reputation had to be lived down. tie driven? Did not the islanders of the equipment. Since the installation of chances of life and death were always accomplished. in favor of the latter?

When the canal commission started into efforts of the recruiting agents.

The commission was forced to resort to the publication of a long list of affidavits from laborers engaged on the isthmus, showing the fair treatment they borers of the tropics and of Spain and Italy. On the whole, the prospect was a distinctly uninviting one. It seemed that the bad reputation of the isthmus would be the undoing of the work.

Meanwhile the sanitary brigade was busy. The whole world knows the story laborers who came to the zone were in- than that of the whites. duced to write letters back home telling of the good pay and the honest treatment they received, and the shining IV-The Cost-keeping System. shekels they sent along told a convincing tale of their prosperity. These stories REPORT BREAK IN RELATIONS. finally became a matter of neighborhood gossip at home, and, inch by inch, the Honduras and Guatemala at Odds isthmus succeeded in living down its horrible reputation. Gradually the work it is a finished task

At the outset it was declared that nobody but Chinamen could withstand the tions between the governments of Hon- Saturday, February 6. climate of the isthmus. To-day they duras and Guatemala is seriously threathave fifty-two nationalities at work, and ened. every one of them enjoys equal health. ve land is chop bamboo poles for and expected. kindling wood and gather bananas.

When they arrive on the isthmus they are almost entirely lacking in knowledge of construction work. It takes three of them to lift a stick of timber that one healthy Spaniard could handle. It is out of this material that the commission has shack, and get him a wife, together with for every plausible rascal who tries it. comparative ease and inde-

That is the secret of the labor success in Panama. It is the most attractive mus, settling on commission lands, prepared to stay for the grand finale. There are about 5,000 of these Spaniards on the job, and it is to their example that ing, with more education and polish than singer, and Mr. David Kindleberger, plan- acts by W. Somerset Maugham, in which

UPHELD FOR THRASHING BOY.

Judge and Jury Hold Teacher's Act Was Proper.

Wilkesbarre, Pa., Feb. 3.-Both judge and jury to-day upheld Prof. Wallace W. Ridge, principal of the Centralia schools, for thrashing Edward Michaels, a disobedient and unruly pupil. Not only did the jury acquit Prof. Ridge, but it placed the cost on the boy's mother, Mrs. Daniel Michaels, who had Prof. Ridge arrested. The evidence showed that the boy had seen unruly and disobedient; had left school without permission, and on his re-turn the professor had made an example
